CAREER SUMMARY

I am an Electronics and Communication Engineering student with a strong focus on Machine Learning, Artificial Intelligence, and Data Analytics. I have hands-on experience in building scalable data solutions using Python and Hugging Face. My expertise includes developing interactive systems, working with large datasets, and optimizing data pipelines for actionable insights. Skilled in database management with MySQL, I am passionate about continuous learning and excited to contribute to innovative AI-driven projects.

EDUCATION

B.Tech in Electronics and Communication Engineering Vignana Bharathi Institute of Technology, Hyderabad	2021 – 2025
MPC (Class XII) Sri Gayatri Junior College Percentage: 73.8%	2021
SSC (Class X) Neo English World School Percentage: 87%	2019

SKILLS AND INTERESTS

Data Visualization	: Tableau, Power BI, Excel
Programming	: Python, Java, R, SQL
Database	: MySQL
Other Skills	: Data Structures and Algorithms, UI

EXPERIENCE

AI/ML Data Annotation & Search Evaluation Intern <i>Ibroad solutions</i>	2024 – Present
· Evaluated video-caption pairs for relevance and accuracy. · Assessed search engine result intent-match to improve ranking performance. · Improved ML system reliability using structured annotation guidelines.	

PROJECTS

A Missile Detection and Auto Destruction System Using GSM <i>Academic Project</i>	2024
· Built ultrasonic radar-based detection system with automated targeting. · Integrated GSM module for real-time SMS alerts. · Improved security and reduced human intervention. · Gained experience in sensors, microcontrollers, and IoT communication.	
BCG GenAI Job Simulation (Forage) <i>Virtual Simulation</i>	Aug 2025
· Developed AI-powered financial chatbot using rule-based logic. · Analyzed 10-K and 10-Q reports to generate useful insights. · Designed structured output for user-friendly financial responses.	

Virtual Simulation

- Created pipelines to extract and transform data.
- Ensured privacy using anonymization techniques.
- Proposed social-media analytics solutions for decision-making support.

CERTIFICATIONS

Data Analytics Job Simulation – Deloitte (Jan–Feb 2025)

Data Science Job Simulation – Commonwealth Bank (Mar–Apr 2025)

Software Engineering Job Simulation – Goldman Sachs (Jan–Feb 2025)

LANGUAGES

English, Telugu, Hindi
